

## Turpin's Trail Walk 1 Thaxted to Tindon Manor and return via West Wood 7.5 miles (12 kms)

This walk starts at the free car park (with toilets) in Margaret Street, Thaxted CM6 2QN. OS Landranger Map 195 Grid Reference TL611311

On leaving the car park turn right and then left into Bell Lane along to the junction of Watling Street, where you will see Thaxted's magnificent church which is well worth a visit if you have time. Turn right up the hill with the church on the left to the Swan. At the corner cross the road with care (B184) to the junction of Newbiggen Street into Watling

Lane and continue down the lane for half a mile.

After the path crosses the River Chelmer, pass a house on your right and bear left onto a track and then turn right on to the left bank of the stream to the road (B184).

Turn right and cross the road to the track to Goddard's Farm, after 100 yards bear left on to the path that follows the stream and then left over the bridge onto the path crossing the field to the left of a distant pylon (see photograph) and bypasses the farm. At the

corner of the field bear left and then right to the right hand side of the hedge. After half a mile take the right turn at a field corner (DO NOT CROSS THE BRIDGE) and pass Bow Croft Wood on your left. Continue until you come to a wide track on your left, \*go through a gap in the hedge and turn left along the field edge to a track. (\*This is the Right of Way but may be overgrown, if this is the case take the wide track).

Turn left and walk past the farm buildings and Friar's Farm on a metalled track following the waymarks to Market Farm.

Turn right on to the gravel road then tarmac for half a mile past Tindon Manor which has a long yew hedge on your left. Twenty yards past the hedge, just

beyond the waymark turn right onto a green lane.

Stay on the lane for about one mile continuing through West Wood (which can be very wet and uneven for much of the year) until you reach the road (B1051).

Turn right and after 100 yards cross the road to the footpath opposite 'Spriggs'. Follow the path to the right around the field and alongside a solar farm to a bridge.

Cross the bridge and then across the field to a gap in the hedge, turn right to Great Clark's (or Clerkes) Farm. Bear right through the farmyard, right along the road and right at the T-junction.

Follow the road for 200 yards to a signed path on the right hand side. Cross the bridge and go through the gate and walk straight across the field and through another gate. Follow the path ahead around the field to a gap in the hedge. Go through and turn right to the corner of a wood.

Turn left to take the path at the side of the wood and stay on this until coming to a bridge on the left. Cross the bridge and continue along the side of the field with Thaxted church and windmill in the distance. The path crosses into the field to the left, passing a memorial plaque commemorating Thaxted Airfield in WW1, and then finds its way between two hedges until becoming a green lane and then a tarmac road. The road, banked on one side and a ditch on the other, continues until turning sharp left.

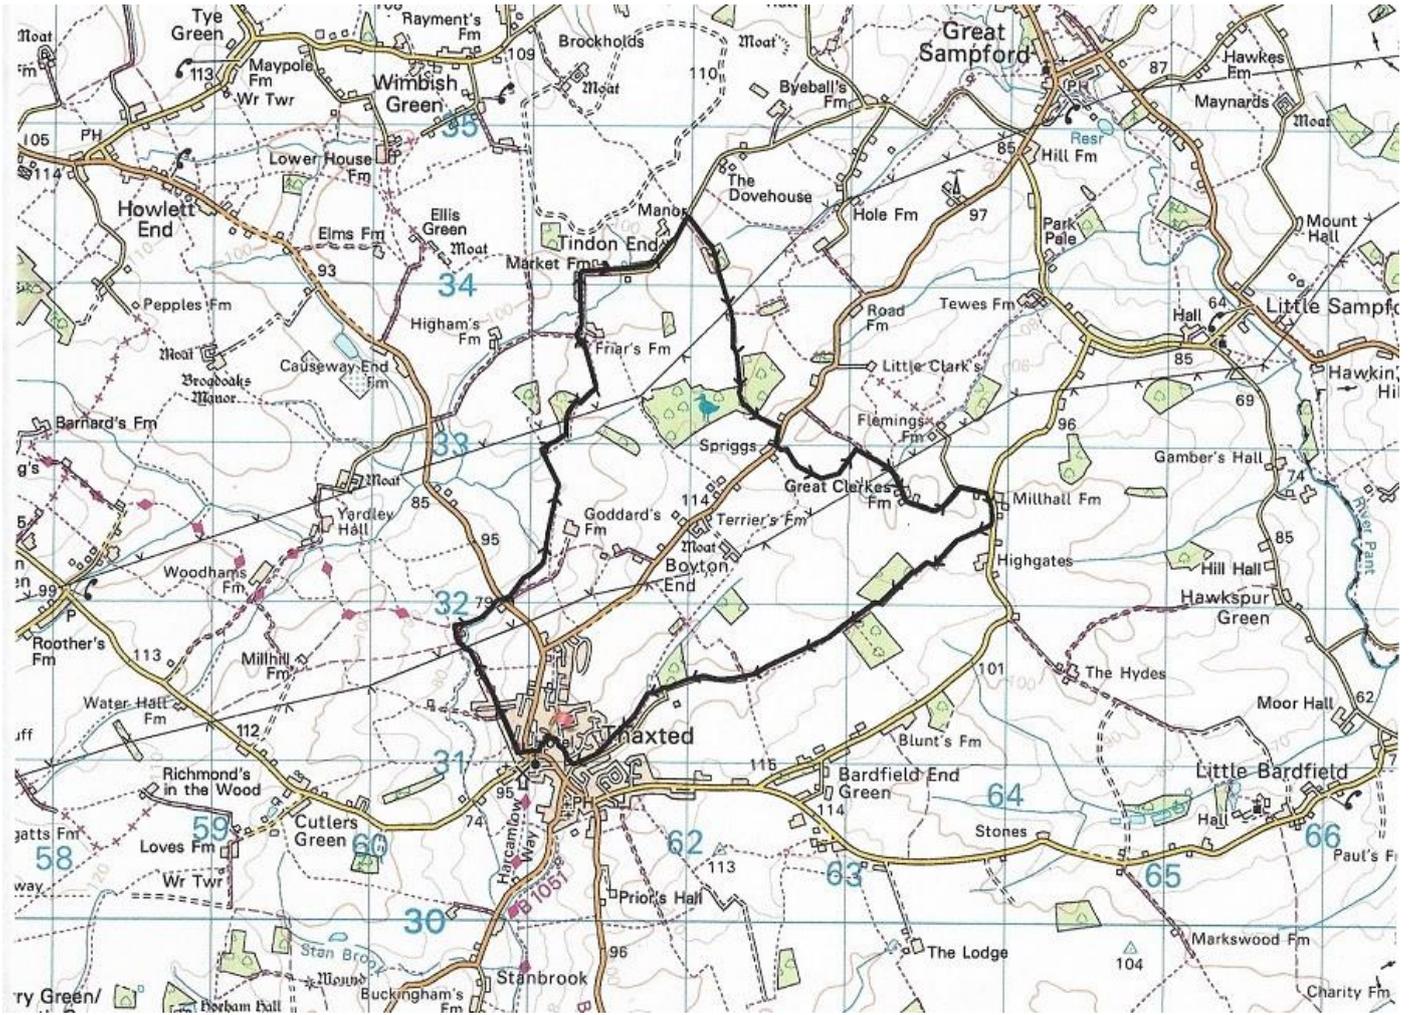

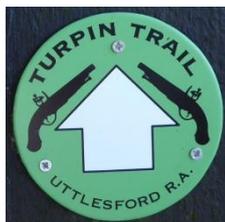

At this point bear right, leave the road and continue in a straight line, then bear left, crossing the **left hand** bridge and up a bank to enter a field.

Turn right to walk along the edge of the field, coming into a mowed area at the end. Cross the field to a gate on the left hand side and walking round this go out on to a road.

Turn right and continue down to turn right into Weavershead Lane. After 150 yards, turn left into Margaret Street back to the car park which is on your right.
